

# 5 Uses for Service Tracker Data

## PROGRESS

Use the progress bar on the teacher landing page to see the current stage of all service learning projects.

## TYPE OF SERVICE LEARNING

See the types of service learning that students are logging to learn what opportunities they've identified and where they may need extra guidance.

## IB SERVICE LEARNING OUTCOMES

Review which service learning outcomes are being frequently achieved by students and which outcomes are not being met.

## APPROACHES TO LEARNING

Use the data to see which skills are being used the most or least by students during service learning projects.

## LEARNER PROFILE

Understand how students are developing their learner profile attributes through service learning experiences.
